A. The Franchisee shall, at all times, post and maintain proper barricades and comply with all applicable safety regulations during such period of construction as required by the ordinances of the City or the laws of the State of Utah.

B. The Franchisee shall cooperate with the City and all other persons with authority from the City to occupy and use the public ways of the City in coordinating construction activities and joint trenching projects. By June 1 of each calendar year, or such

other date as the City and the Franchisee may agree upon from year to year, the Franchisee shall provide the City with a schedule of its proposed construction activities in, around, or that may affect the public ways of the City. The Franchisee shall also meet with the City and other grantees, franchisees, permittees, and other users of the public ways of the City annually or as determined by the City to schedule and coordinate construction activities. The City Engineer shall coordinate all construction locations, activities and schedules to minimize public inconvenience, disruption, or damage to the public ways of the City.

C. If either the City or the Franchisee shall at any time after the installation of the facilities plan to make excavations in an area covered by this Franchise and as described in this section, the party planning such excavation shall afford the other upon receipt of written request to do so an opportunity to share such an excavation provided that: (1) such joint use shall not unreasonably delay the work of the party causing the excavation to be made or unreasonably increase its costs; (2) such joint use shall be arranged and accomplished on terms and conditions satisfactory to both parties; and (3) either party may deny such request for safety reasons or if their respective uses of the trench are incompatible.

D. All Facilities constructed or installed by Franchisee under the authority of this Ordinance shall be used, constructed and maintained in accordance with applicable law and local zoning ordinances and regulations. Franchisee shall, prior to commencing new construction or major reconstruction work in Public Ways or other public places, apply for a permit for the City as set forth hereinabove. Construction permits shall not be unreasonably withheld, conditioned or delayed by the City. Franchisee will provide plans of new facilities to be placed in the Public Ways or other public places pursuant to a permit issued by the City. Franchisee will abide by all applicable ordinances, rules, regulations and requirements of the City consistent with applicable law, and the City may inspect the manner of such work and require remedies as may be reasonably necessary to assure compliance.

E. To the extent practical and consistent with any permit issued by the City, all facilities shall be located so as to cause minimum interference with the Public Ways and shall be constructed, installed, maintained, cleared of vegetation, renovated or replaced in accordance with applicable and lawful rules, ordinances, and regulations of the City. It is the policy of Midway City to reasonably limit the number of poles within City limits, and as such, where applicable, communications lines will be placed on existing power or communications poles to mitigate circumstances where there are poles on both sides of the road.

F. If during the course of work on its facilities, Franchisee causes damage to or alters the Public Way or other public or private property, Franchisee shall replace and restore such Public Way or public or private property at Franchisee's expense to a condition reasonably comparable to the condition that existed immediately prior to such damage or alteration, normal wear and tear excepted.

G. Franchisee shall comply with all Blue Stakes laws and rules.

Section 9. Restoration after Construction. The Franchisee shall, after the installation, construction, relocation, maintenance, removal or repair of its Communication Facilities within the Public Ways restore the surface of said Public Ways and any other City-owned property that may be disturbed by the work to at least the same condition the Public Way or City-owned property was in immediately prior to any such installation, construction, relocation, maintenance or repair, reasonable wear and tear excepted. The Franchisee agrees to promptly complete all restoration work and to promptly repair any damage caused by such work to the Public Ways or other affected area at its sole cost and expense according to the time and terms specified in the construction permit issued by the City in accordance with the applicable ordinances of the City.

Section 10. Emergency Work Permit Waiver. In the event of any emergency in which any of the Franchisees' Communication Facilities located in, above, or under any Public Way break, are damaged, or if the Franchisee's construction area is otherwise in such a condition as to immediately endanger the property, life, health, or safety of any individual, the Franchisee shall immediately take proper emergency measures to repair its Facilities, to cure or remedy the dangerous conditions for the protection of property, life, health, or safety of individuals without first applying for and obtaining a permit as required by this Franchise. However, this shall not relieve the Franchisee from the requirement of notifying the City of the emergency work and obtaining any permits necessary for this purpose after the emergency work. The Franchisee shall notify the City by telephone immediately upon learning of the emergency and shall apply for all required permits not later than the second succeeding day during which the City Hall is open for business.

Section 11. Relocation. In the event that at any time during the term of this Franchise, the City shall lawfully elect to alter or change any Public Way requiring the relocation of Franchisee's Facilities, then in such event, Franchisee, upon reasonable notice by the City, shall remove, relay and relocate the same at its own expense; except that Franchisee shall, in all cases, have the right, in Franchisee's sole discretion, to abandon its Facilities in place, in lieu of relocation. If public funds are available for such relocation pursuant to law, Franchisee shall not be required to pay the costs of such relocation.

In the event the City requests relocation efforts from the Franchisee for aesthetic purposes, the City agrees to pay all costs associated with relocation. Franchisee shall not be required to pay for the relocation of Franchisee's Facilities, and may require advance payment for costs and expense, to the extent such removal or relocation is request solely for aesthetic purposes, in cases where the original location of the Franchisee Facilities was approved by the City through the permitting process.

Franchisee shall, upon the request of any person holding a building moving permit issued by the City, temporarily raise or lower its lines to permit the moving of the building, provided: (a) the expense of such temporary removal shall be paid by the person(s) requesting the same, and Franchisee shall have the authority to require payment in advance; and (b) the Franchisee is given not less than fifteen (15) business days' advance notice to arrange for such temporary line changes.

Facility relocations necessitated by private third parties shall be at the expense of such third parties, and Franchisee shall have the right and authority to require payment in advance of relocating.

Section 12. Trimming. Franchisee shall have the authority to trim trees upon and overhanging all streets, alleys, public utility easements, sidewalks and public places of the City so as to prevent the branches of such trees from coming into contact with Franchisee's Facilities. Franchisee shall, when practical, provide notice to the City and to any property owner before commencing such work. Franchisee shall not be required to provide notice in advance of such work in emergency conditions.

Section 13. Dangerous Conditions. Whenever construction, installation or excavation of the Communication Facilities authorized by this Franchise has caused or contributed to a condition that appears to substantially impair the lateral support of the adjoining Public Way, street, or public place, or endangers the public street, utilities or City-owned property, the City Engineer may reasonably request the Franchisee to take action to protect the public, adjacent public places, City-owned property, streets, utilities and Public Ways. Such action may include compliance within a prescribed time reasonably agreed to by the parties. In the event that the Franchisee fails or refuses to promptly take the actions directed by the City or fails to materially comply with such directions, or if emergency conditions caused by such failure or refusal of Franchisee exist which require immediate, reasonable action to ensure public safety, the City may enter upon the property and take such lawful actions as are necessary to protect the public, the adjacent streets, utilities, Public Ways to maintain the lateral support thereof or actions reasonably regarded as necessary safety precautions, and the Franchisee shall be liable to the City for the direct, proportionate, reasonable costs thereof.

The City shall give prompt written notice to Franchisee of any such claim, demand, or

lien with respect to which the City seeks indemnification hereunder; and shall permit Franchisee to assume defense of such claim, demand, or lien with legal counsel of Franchisee's choice.

Section 15. Insurance.
