Notes:

- We have updated our application to request more information and an itemized budget from applicants.
- Beginning with the grants awarded in February 2025, all grant applicants who receive funding will be required to sign a contract with the city.
- Funds not spent when the new fiscal year budget starts (July) will be moved into a TAP CPI fund.
- The average monthly amount Midway received in 2024 was \$17,650
- There is currently \$188,261 in our TAP CPI fund.
- There is \$103,009 in the general TAP fund as of December 2024.

Going Forward in 2025:

- Should the city use of TAP funds be for “as-needed” use, or should City project funds be requested in the funding period?
- Should a scoring rubric be implemented to score applications before submitting them to the council for a final decision?
- Are there budget items the council would like to exclude from funding requests? (i.e. scholarships, administrative costs, etc.)
- How should TAP funds be used to cover building rental costs, and what types of events will qualify?
