

I am pleased to announce my candidacy for Midway City Council.

With a deep commitment to our community and a passion for public service, I am running to ensure that Midway remains a place where families thrive, local businesses succeed, and every voice is heard. For the past five years, I have been a member of the Midway Planning Commission, and I currently serve as its Chair. I look forward to listening, learning, and working alongside you to build a stronger, more vibrant Midway.

Let's shape the future of our city together.

Committed to Community. Focused on Results.

Responsible Stewardship: Committed to fiscal responsibility by planning ahead, identifying capital projects, and budgeting accordingly. The City's Impact Fee Facilities Plan hasn't been updated since 2012—despite rising costs, fees have remained the same for 13 years.

Supporting Our Local Business: We should support—not compete with—our local businesses. In FY 2024, Midway Must Haves operated at a \$45,591 loss, subsidized by taxpayers. It's time to rethink our approach.

Community Well Being: We must continue working with HVSSD to ensure they stop deferring maintenance and take meaningful action to resolve ongoing issues.

I respectfully ask for your vote between now and August 12th. I'm eager for the opportunity to serve and represent you on the Midway City Council.

A handwritten signature in white ink that reads "Andy Garland". The signature is fluid and cursive, with the first name "Andy" and the last name "Garland" clearly legible.
