

## **Genene Probst-Miles – Candidate for Midway City Council**

My name is Genene Probst-Miles, and I am proud to announce my candidacy for Midway City Council. I am a fifth-generation Midway resident, and my roots here run deep. My ancestors settled in Midway because its beauty and landscape reminded them of their beloved homeland of Switzerland. Like them, I have always seen Midway as more than just a place to live, it's a community built on heritage, values, and a shared vision for the future.

Having lived in Midway my entire life, I have a profound love and respect for our town's unique character. I've witnessed firsthand how our community has grown and changed, and I understand the importance of preserving our traditions while thoughtfully planning for what lies ahead.

I'm running for City Council to ensure that Midway continues to be a place where families thrive, small-town values are respected, and natural beauty is protected. I believe in transparent leadership, respectful dialogue, and community-driven decision making.

With your support, I hope to serve as a voice for all residents, longtime families and new neighbors alike. Together, we can honor Midway's past while building a vibrant, sustainable future for generations to come. I believe that we can all work together as friends and neighbors and be caretakers of our beautiful Midway.

I promise to be transparent and always available. I welcome your concerns, questions, and suggestions. Your voice matters. You can reach me directly at **435-513-0328** or visit **[geneneforcitycouncil.com](http://geneneforcitycouncil.com)** to learn more. I would love to earn your vote!!

Let's keep Midway the place we all love to call home.

**Genene Probst-Miles**

Candidate, Midway City Council
