

PLANNING COMMISSION MEETING STAFF REPORT

DATE OF MEETING: September 9, 2025

NAME OF APPLICANT: Chad Marsing

AGENDA ITEM: Conditional Use Permit

LOCATION OF ITEM: 26 South 200 West, Midway

ZONING DESIGNATION: R-1-7

Item 3: Conditional Use Permit:

Chad Marsing is the owner of property located at 26 South 200 West, located just south of Kringle's, in Midway, Utah, parcel number 06-0157, is seeking a conditional use permit (CUP) to use the property for nightly rentals. The property is located in the R-1-7 zone and falls within the Transient Rental Overlay District (TROD).

BACKGROUND:

The property is located in the R-1-7 residential zone within the Transient Rental Overlay District (TROD) but outside the Resort Zone. Therefore, a Conditional Use Permit is required prior to applying for a Transient Rental Unit License. The applicants seek approval to rent their home on a short term basis (30 days or less), which requires contracting with a City licensed property management company, providing off-street parking, and obeying occupancy limits, along with all other applicable requirements set forth in the Code.

Letters will be sent to all property owners within 600 feet of the parcel informing them of the application and public hearing to be held before the City Council.

There are several benefits the City receives from transient rental units. One benefit to the City is all owners of transient rental units pay a transient rental tax. This money is a benefit to the City and to residents of the City. Another benefit is the resort tax the City collects. On the other hand, transient rentals take away from the community aspect, and although this property is borders the commercial zone, the property is in a residential zone. The City has tried to achieve balance by restricting short term rentals to a well-defined overlay zone (TROD).

ANALYSIS:

The italicized text represents Planning Staff's comments pertaining to compliance or lack of compliance with the findings the City Council must make in considering this request. Section 16.26.120 requires specifically the Planning Commission to find that:

1. The proposed use is conditionally permitted within the Land Use Title, and would not impair the integrity and character of the intended purpose of the subject zoning district and complies with all the applicable provisions of this Code; *planning staff believes that the proposal will not have a significant impact on the neighborhood as long as all the requirements of the Transient Rental Unit License are met. It appears the proposal will comply with the provisions of the Code.*
2. The proposed use is consistent with the General Plan; *the property is directly adjacent to and across from the commercial zone and falls within the TROD.*
3. The approval of the conditional use or special exception permit for the proposed use is in compliance with the requirements of state, federal and Midway City or other local regulations; *the applicant is required to apply and receive approval of a transient Unit Rental License before he will be allowed to rent the unit. This license requires the applicant to register with the State for tax purposes, have the unit inspected by the building inspector, fire marshal, and health inspector, and contract with a City licensed property manager.*
4. There will be no potential, significant negative effects upon the environmental quality and natural resources that could not be properly mitigated and monitored; *No issues have been identified.*
5. The design, location, size, and operating characteristics of the proposed use are compatible with the existing and future land uses with the general area in which the proposed use is to be located and will not create significant noise, traffic, or other conditions or situations that may be objectionable or detrimental to other permitted uses in the vicinity or adverse to the public interest, health, safety, convenience, or welfare to the City; *the proposed use and associated traffic is consistent with the adjacent units and the neighborhood. The proposed use will have to comply with all City ordinances, including noise, lighting, and sign ordinances.*

6. The subject site is physically suitable for the type and density/intensity of the proposed use; *The parcel is a single lot improved with a single family home with an attached double garage. Per the application, the driveway fits 4 vehicles. Per the application, the applicant represents that the nightly rental will have a maximum occupancy of 6 people in the 3 bedroom, 1 bath home.*
7. There are adequate provisions for public access, including internal and surrounding traffic flow, water, sanitation, and public utilities, and services to ensure that the proposed use would not be detrimental to public health and safety; *no detrimental impacts have been identified.*

POSSIBLE FINDINGS:

- The property falls within Midway's Transient Rental Overlay District (TROD)
- Because the property is in the TROD, but not within the C-2, C-3, or RZ zones, the proposed use is a conditional use pursuant to Midway City Code Section 7.06.050(A).
- The rental of the property for transient lodging purposes is subject to and conditioned upon compliance with Midway City Code including, but not limited to, licensing, nuisance, light and sign ordinances, as well as required inspections.
