

Midway School Building

The two-story Midway School stood on this site from 1901 until 1992. It was completed in 1901 with a large addition completed in 1912 at a total cost of \$12,500. Laborers were paid \$1.50 per day and \$2.50 for those with teams of horses. The school was built of native "pot rock" from local fields and quarries.
